Objective

I am passionate about web development, full stack technologies and frontend technologies with a strong foundation in programming languages and web technologies, build user-friendly, responsive applications. My problem-solving skills, adaptability to team environments, and commitment to producing high-quality code make me a valuable candidate for any development opportunity.

Education

Degree	Specialization	Year	School/College	University	Percentage
MCA	Computer Applications	2023	M. Kumarasamy College Of Engineering,Karur	Anna University, Tamil Nadu	71.07
B.Sc	Mathematics	2021	Jairams Arts And Science College,Karur	Bharathidasan University, Tamil Nadu	71.17
HSC	HSC	2018	Vivekananda Vidyalaya Higher Secondary School,Oddanchatram	State board Tamil Nadu	69.91
SSLC	SSLC	2016	Vivekananda Vidyalaya Higher Secondary School,Oddanchatram	State board Tamil Nadu	86.8

About

I'm a passionate and self-motivated Full Stack & Front-End Developer with hands-on experience in building dynamic and responsive web applications using React.js, Express.js, MySQL. I have developed several projects fetch real-time data's using API.

Skills

React.js, Express.js, Node.js, JavaScript, MySql, Tailwind CSS, Html, Css, Java

Licenses & certifications

Certification Name	Information

Introduction to HTML	SkillUp Issued 21 June 2025 – No Expiration https://lms.simplilearn.com/dashboard/certificate
Introduction to CSS	SkillUp Issued 22 june 2025 – No Expiration https://lms.simplilearn.com/dashboard/certificate
JavaScript Basic	SkillUp Issued 24 June 2025 – No Expiration https://lms.simplilearn.com/dashboard/certificate
React Js	Scaler Issued 01 July 2025 – No Expiration https://www.scaler.com/topics/certificates/
SQL	Sololearn Issued 25 September 2022 – No Expiration https://www.sololearn.com/certificates/CT-MLGXJ9CP
Java Basic	Sololearn Issued 04 July 2025 – No Expiration https://www.sololearn.com/certificates/CC-QPYTMNJB

Programming Language Skills

Language	Level	Program Completed	Tool
Java	Beginner	110	ICTLAB
C	Beginner	70	ICTLAB
Python	Beginner	50	ICTLAB

Software Development Projects Completed / Ongoing

Project Name	Description	Link	Status
React Weather Report Application	weather forecasting application built using React.js**,** Tailwind CSS, and a third-party Weather API. allows users to search for any city worldwide and displays real-time weather data ,temperature, humidity, wind speed, and condition icons, loading states	Server- https://github.com/NITHISH-KUMAR-K-7/Weather-Report	Completed

React Movie Watchlist App Imdb-clone	Built a application using React.js and Tailwind CSS. Integrated TMDb API to fetch trending movies and displayed them with pagination. Implemented a dynamic watchlist feature using useContext and localStorage for persistent state management, Enabled genre filtering, search functionality, and rating-based sorting on the watchlist.	Server- https://github.com/NITHISH-KUMAR-K-7/Imdb-Clone	Completed
React-Based Food Delivery Web App	food delivery web application built with React.js and Tailwind CSS. users to browse a diverse menu, view detailed food items, add items to a cart, and checkout experience. It interactive components like filtering menus by category, dynamic cart management, and a smooth login/signup popup. using React Context API, React Router DOM, It's designed to mimic real-world food ordering apps.	Server- https://github.com/NITHISH-KUMAR-K-7/Food-Delivery	Completed

Portfolio	Developed a responsive personal portfolio website showcasing projects, skills, and achievements using React.js for component-based UI and Tailwind CSS for modern, utility-first styling. Implemented a clean and user-friendly interface optimized for different devices. Integrated smooth navigation, reusable components, and responsive layouts to enhance performance and user experience.	Server-https://github.com/NITHISH-KUMAR-K-7/portfolio	Completed
CRUD Application	Built a full-stack CRUD (Create, Read, Update, Delete) web application where users can manage records with seamless UI and real-time database integration. Frontend: Developed with React.js and styled using Tailwind CSS,Implemented React Router. Backend: Built a RESTful API using Express.js with routes for create, read, update, and delete operations. Used CORS and JSON middleware for secure API handling. Database: Integrated with MySQL to store user details and SQL queries for data persistence	Server-https://github.com/NITHISH-KUMAR-K-7/crud_operation	Completed

Signup & Login System	Frontend (React.js + Tailwind CSS): Built signup and login forms with validation (email & strong password pattern). Implemented form handling, error messages, and smooth navigation using React Router DOM. Used Axios to connect frontend with backend APIs. Backend (Express.js + MySQL): Designed REST APIs for user registration and authentication. Integrated MySQL database for persistent user data storage with auto-incremented IDs. Applied request handling with Express middleware (CORS, JSON parsing).	Server- https://github.com/NITHISH-KUMAR-K-7/login-form	Completed

Research Interest

Web Design / Development, Web Technology

My Profile

Name	Nithish kumar K
Date of Birth	10/11/1999
Gender	Male
Language	Tamil & English
Citizen	Indian
Father Name	Kaliyappan R
Mother Name	Saraswathi K

Acknowledgment

I hereby declare that the above information is true to the best of my knowledge
